THIRTY-SEVENTH ANNUAL REPORT  
OF  
THE TRUSTEES OF PUBLIC RESERVATIONS.

---

The Standing Committee of The Trustees of Public Reservations submits herewith its thirty-seventh Annual Report.

**Open Spaces Committee.**

The last Annual Report of the Standing Committee referred to the organization of the "Committee on Open Spaces" in 1925, and the map which was developed by this Committee was included in the thirty-sixth report of the Trustees.

This "Open Spaces" map has aroused keen interest: many copies have been sought by individuals and organizations throughout the Commonwealth, and by some of the public agencies of neighboring States.

Another important and tangible result of the work of the "Committee on Open Spaces," and of the map, has been the appointment by His Excellency Governor Fuller of a "Committee on Needs and Uses of Open Spaces." Our Trustees are represented on this Committee by Mr. Charles S. Bird, Jr. (the Chairman), and by our Secretary. This Committee aims to work out a comprehensive plan and co-ordinated policy for the development and use of open spaces which will satisfy our present and future public needs. Our Corporation is requested to aid this Committee by suggestion and advice.

**Bryant Homestead.**

The Corporation now has the opportunity to acquire the William Cullen Bryant Homestead at Cummington. In this town Bryant was born and brought up, and here he wrote, perhaps, his greatest poems. In the homestead he lived much in his later years as well as in his boyhood.

His granddaughter, Mrs. Minna Godwin Goddard, has devised the property to the Trustees, with an endowment of

\$10,000. There is also a bequest of \$10,000, under the will of Miss Julia Sands Bryant, which will come to the Corporation upon the death of a life beneficiary, Miss Anna R. Fairchild.

The Standing Committee has under consideration the question of the acceptance of this gift. The Chairman and Secretary have inspected the property; the executors of and trustees under the will of Mrs. Goddard, and her near relatives, have been interviewed.

Through the generosity of one of our members, Mr. Olmsted, we have been enabled to employ an architect who has made sketch plans of the house, taken photographs, and made a comprehensive report.

As our Corporation is not organized, at present, to care for buildings or memorabilia the Society for the Preservation of New England Antiquities has been consulted and has formed a Committee to advise with your Standing Committee.

Further negotiations and consideration will be required before a conclusion can be reached.

**Charles Sprague Sargent**

1841 – 1927

Member of Standing Committee and Life Associate of  
The Trustees of Public Reservations

1891 – 1927

## MINUTE ADOPTED BY STANDING COMMITTEE.

Charles Sprague Sargent, who died at his place, "Holm Lea," in Brookline, on March 20, 1927, was one of the incorporators of The Trustees of Public Reservations, and became at once a member of the Standing Committee, and held the office until his death.

His personality and individuality were so strongly marked that those who had acquaintance with him can never forget his characteristics.

For those who never knew him his personality has been preserved in the admirable portrait of him made by his cousin, the distinguished artist, John Singer Sargent.

But for all persons, and for the future, his great learning, his industry, his foresight, his judgment, his intense love of the beautiful in nature — which in combination rendered him a man of genius — have their lasting monument in that wonderland of beauty and usefulness, the Arnold Arboretum, which was practically his creation.

E. H. Wilson, in his book, "America's Greatest Garden," says of the Arboretum:

It was ever a bit of New England, but its conversion into a wonderful garden has been the life-work of its Director, Professor Charles S. Sargent.

Professor Sargent brought to the Standing Committee a mind well stored with useful knowledge, a broad vision, tenacity of purpose, courage and common sense.

His advice was always eagerly sought and his opinions very highly regarded.

He rarely missed a meeting until his failing health made it impracticable for him to go far from his own home.

He is now, and will for long, be greatly missed as a colleague and friend, and the Committee make this note of their great esteem and respect for the man and his accomplishments.

**REPORT AS TO RESERVATIONS.**

*Goodwill Park, Falmouth.* — The trees that were set out have made a wonderful growth. Some of them are two feet high. There were several thousand more set out last year. The roads and the picnic ground were kept in good condition last year, and the road has been made wider. There have been about two acres cleared up, taking out the wild cherry and unsightly brush and bushes. A good many of the dead trees have been removed.

*Petticoat Hill, Williamsburg.* — The Chairman of your Standing Committee and the Secretary visited the Hill in the fall, and various suggestions to the custodian for the improvement of the property were made.

Owing to the wet weather during the summer there were fewer visitors at the Park. The brush on top of the Hill has been cut to improve the view, and the further cutting out will be done during the winter, when there is snow to pull out the logs on.

*Pine Knoll, Sheffield.* — The Pine Knoll has been cleaned up, the grass cut, and the walks cleaned out as usual. The seats are in need of some repairs and painting, and the fence around will require attention in the spring. A sign will be put on Main Street directing people to the Knoll.

*Governor Hutchinson's Field, Milton.* — Governor Hutchinson's Field seems to be pretty free from injurious insects, but the elms along the street were sprayed, as so many of the insect pests seem to prefer elms. The weedy tree growth near the foot of the slope is receiving attention, the wild cherry and aspen shoots being cut over and the better trees given a chance to develop. During the winter several large dead trees, also at the foot of the slope, must be cut out.

The grass on the upper part of this reservation was by a misunderstanding left until later, but has now been cut, and no harm has come from the delay.

*Monument Mountain, Great Barrington.* — Members of the Committee have gone to considerable pains to remove names painted on some of the prominent ledges. This work of

vandalism was referred to in our last report. Everything is now in a satisfactory condition.

*Rocky Narrows, Sherborn.* — This reservation seems to have been treated during the past year with more consideration than usual from the public, although put to considerable use by canoeists.

The disposition of brush and débris resulting from the forestry operations last year will be attended to when there has been a sufficient fall of snow.

*Virginia Wood, Stoneham.* — The Virginia Wood section of the Middlesex Fells Reservation is in excellent condition. The sprout growth has been kept removed, careful pruning has been done, and all suppressed trees have been pruned. The Wood contains some of the best trees — beech, hemlock, pine and oak — to be seen in New England.

Respectfully submitted,

CHARLES S. RACKEMANN, *Chairman,*  
NATHANIEL T. KIDDER,  
HERBERT PARKER,  
CHARLES W. ELIOT, 2nd,  
JOHN S. AMES, *Treasurer,*
